DRAFT SAP white paper OCSP management review kw sls.docx

Attached are the comments from NTP. Their comments focus on genotox and the NTP section.

They provided some great comments and suggestions for genotox section. I will work on incorporating those revisions this weekend. Many of the comments they provided will go into the study summaries. This will be a big help.

Subject: White Paper

Hi Anna and Greg,

Please find attached my and Kristine's combined comments/edits/suggestions on the genetox-related sections of the White Paper (including the section on formulations), as well as a few comments for Section 7.0.

Please let me know if you have any questions or concerns.

Best regards,

Stephanie
